Soufiane Messai

Front-end developer / Graphic designer

Toruń , (+48 514 358 198) , soufianemessaipl@gmail.com

Profile Statement

As a self-taught front-end developer and graphic designer, I am passionate about creating beautiful and functional designs. I have developed proficiency in various programming languages and design software, enabling me to seamlessly blend design and development to create seamless user experiences. With a detail-oriented approach and a commitment to meeting project deadlines, I have a track record of delivering high-quality work. I am constantly striving to improve my skills and stay up to date with the latest industry trends. I am eager to take on new challenges and help bring visions to life.

Work Experience

Client Services Specialist (Dec 2020 - August 2022)

Golden Academy

- Functioned as the key liaison between students and prospective clients, providing dedicated support through in-person interactions and phone communications. Managed inquiries, offered comprehensive information about the academy's programs, and ensured a seamless enrollment process. Concurrently, took on the role of Graphic Designer and Social Media Coordinator, contributing to the development and execution of effective marketing strategies.

Freelance Graphic Designer (July 2018 - Current)

Freelancer at Fiverr and Latium

- As a freelance graphic designer, I specialize in creating captivating visual content for various digital platforms. My responsibilities include crafting eye-catching social media banners, profile pictures, posts, flyers, posters, and YouTube thumbnails for a diverse range of clients.

Education

Bachelor's Degree: IT in Business – Web applications developer (ongoing)
